CERTIFICATE RELATING TO THE USE OF A POS SYSTEME SATISFYING THE CONDITIONS OF INALTERABILITY, SECURITY, PRESERVATION AND ARCHIVING OF DATA.

I, Ted Taniguchi, legal representative of UNIWELL brand cash registers, certify that the Firmware installed on the HX range and put on the market as of October 4, 2017, version 4, satisfies the conditions of non-transferability, security, preservation and archiving of data for the purposes of supervision of the tax authorities provided for in 3 ° bis of I of Article 286 of the General Tax Code.

I certify that the last major version of the UNIWEL POS system identified with the following root: 4 and that the minor versions developed later in this major release are or will be identified by subsequent subdivisions of this root: 4.xx.yy.zz. I hereby undertake that these subdivisions shall only be used by UNIWELL for the identification of minor versions of the software as defined in I-C-1 § 340 of BOI-TVA-DECLA-30-10-30.

Yours faithfully,

24 October 2017

Ted Taniguchi

Managing Director
